

## Professional Sales Representatives, LLC

Pro Sales Reps

Press Release

April 19, 2010 - Andover, KS

Professional Sales Representatives, LLC is proud to announce that they now represent PCS Lighting/Pulseworx in WA, OR, AK, ID, MT, WY, UT, and CO. Pulseworx lighting control products are produced by Powerline Control Systems, Inc. (PCS), a lighting control industry leader. PCS develops, and manufactures reliable, high-quality lighting control products for the residential and industrial/commercial markets. PCS products are designed to use standard powerlines to communicate control signals without additional wiring, providing customers an affordable, flexible lighting control system.

For more information, please visit PCS Lighting's website at [www.pulseworx.com](http://www.pulseworx.com) or contact your local PSR Rep –
